

Terrace Park Council Meeting

Mayor Jay Gohman opened the meeting. Terrace Park resident Bob Guido, addressed Council about the traffic on New Street. Guido asked that Council look into the heavy traffic on this very nar-row street. He mentioned that cars

drive into his circular driveway to get around on-coming large hicles. There are young children on this street and he feels this is a dangerous situation. Councilman Lee Cole, Public Works, will look

your house.

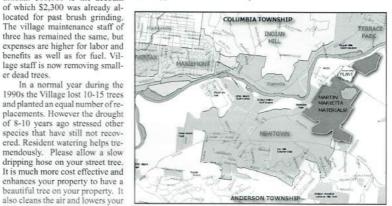

Blasting back on the horizon

Blasting is both figuratively and literally back on our horizon. Last winter, Judge Robert Ruehl-man said that the Anderson Township Board of Zoning Appeals (BZA) committed a multitude of legal mistakes in approving the Martin Marietta mining proposal. Martin Marietta then appealed his decision to the First District Court of Appeals. In the spring/ early summer, the Court of Ap-peals decided that Judge Ruehlman was right about the so-called "Good Neighbor Fee" being illegal, but rendered no opinion about the many other bases for reversing the BZA approval. The Court of Ap-

peals instructed Judge Ruehlman to send the entire thing back to the BZA to determine if it still wanted to approve the mining operation even without the cash that was to be paid to the township. On July 24, the BZA said "yes," it still approves the MM mining proposal. Terrace Park and surrounding communities, represented by Tim Mara, are

appealing this latest vote.

Do you have questions about the process, why we object, why they don't or any other topics related to this issue? Email them to hestersullivan@me.com and we will do our best to get answers for them.

The map shown above depicts the location of the proposed Martin Marietta facility and its relation to Terrace Park and surrounding communities.

The perfect storm hits tree fund

By Elaine P. Grever

Member Terrace Park Tree Committee, President of Terrace Park Garden Club

A Symbol of Spirit and Community

Over the last several years, events have happened to create the Perfect Storm for the Terrace Park Village street trees. First, the tree assessment has not increased for many years. Second, we have had recurring droughts the last several years causing stress to all plants. Third, Duke Energy changed their street tree pruning and removal policy. The final blow is the Emerald Ash Borer. This created the perfect storm to decimate the Village tree fund.

The Village tree assessmen fund has decreased. For 2013, the Tree assessment is \$40 per \$100,000 of assessed real property values (excluding public properties) per Resolution 9-1, 2012. This will bring in approximately \$48,000 in 2013. Roughly

In most places, communities rally around families that suffer a tragedy. They bring food, they bring hugs and they bring the kind of heartfelt empathy that

comes with losing a child.

But Terrace Park isn't like

"most places". True, our town wrapped its collective arms around the Bartons, and still do to this day. But they also thought of a way to put forward a lasting legacy to a young man, and in doing so embraced our most precious resource. Our kids.

Countless neighbors worked, built, planned and donated (over \$46,000) to create both a fitting tribute and haven for gen-erations of kids to come. A great example of the people of Terrace Park coming together and making

Three years ago Duke Energy's change in tree removal and pruning policy hurt the Village drastically. No longer will Duke remove a dead/diseased tree, they will just create power line clear-ance of 5 to 10 feet below the line and leave the trimmings and remaining trunk, which may create a safety hazard to Village residents, and requiring contractors or maintenance to finish the work. This has added roughly \$16,000 in expenses per year.
The final blow is the destruc-

air conditioning bill, by shading

tive Emerald Ash Borer Beetle, which has infiltrated almost all the 500 Ash trees in the Village. The Village Tree Committee has just completed a second survey of the condition of the Ash trees. A third assessment will be done in Spring 2014. Approximately 200 Ash have been removed to this date. Over half of the budgeted amount is spent before the addi-tion of 30-40 Ash trees that have needed removal per year.

Of course the resident wants

a new tree in their yard. First the stump must be ground and re-moved then a new tree planted. The Village has not had enough money to plant as many trees as have had to be removed. The new Urban Forester, Mark Castator, is taking the Perfect Storm into consideration. No longer will each street be a monoculture and new trees will take the power line setbacks into account and will be more drought resistant. However, we still need your help. Please water your street tree. Being a Tree City is a 28-year-old distinction that Terrace Park wants to keep.

October Program featuring "John Maggard - Art from the Heart"

The Terrace Park Historical Society is proud to present one of our most multi-talented residents. John Maggard, as our featured speaker for the October 13 Program, 4 p.m. at Terrace Park Elementary. This is an unexpected and fortunate surprise. Not only

PAY AS YOU GO

PSAT, SAT, ACT

H.S. Entrance Exam

John Maggard

is Maggard a well-known artist/ illustrator, but he has contributed in a variety of ways to our local community. When our previously scheduled speaker was unable to be with us, Maggard generously offered his time.

After graduating from Miami University in 1976, John worked for Gibson Greeting Cards and NCR Corporation, and since 1981 has been an independent illustrator represented by Scott Hull Associates of Dayton and New York. He has taught at The College of Mt. St. Joseph and The Art Academy of Cincinnati, and his work has appeared in Time and Atlantic Monthly among many national publications. His cor-porate clients have included Telarc Roords, Disney Corporation, and Anheuser-Busch. Maggard recently completed a series of digital animations for The Water-works Museum, a new Boston attraction educating visitors on one of the country's first metropolitan water systems.

EDUCATIONAL RESOURCE CENTER

We Moved! 538 Main Street 513-831-6344 www.lamplightererc.com

In addition to his professional accomplishments, Maggard is a tireless volunteer. Over the past 30 years, he has created a series of unique publicity posters for the American Heart Association Mini-Marathons, some of which are on display at the TPHS Gal-lery/Museum. He also finds the

Picture top to bottom: Maggard's 2003 and 2001 American Heart Association Mini-Marathon posters.

p.m. and John Maggard's presentation beginning at 4 p.m. The parking lot is at the Myrtle Ave entrance, which is also wheel chair accessible.

After the Program, Tricia DiMichele will be available to provide information about the Walking Tour of Terrace Park. This is a great opportunity to learn how to listen to the audio that goes with the tour.

Thank You Scripps Howard Foundation!

The Terrace Park Historical Society will be updating its Past Perfect museum software with a \$760 grant from the Scripps Howard Foundation, the philan-thropic arm of The E.W. Scripps Company. This donation was awarded through the Foundation's Volunteer Grant program, which supports non-profit organizations served by company employees. The grant to TPHS recognizes volunteer support from Sue Por-ter, a TPHS Lifetime Member (continued on page 6)

News from the PTO

School is back in session! The new school year heralds a new approach to fundraising by the Terrace Park Elementary PTO. The mission of the PTO is to provide funds, programs, resources and services to enrich and maxi-mize the education of every child. The PTO fulfills its mission at the school primarily through volunteerism and financial support. Like many similar organizations across the nation, the PTO has been faced with certain challenges. First, businesses and families are giving less money. volunteerism has declined across the board.

For the 2013-2014 school year, the TPE PTO introduced its "Reach for the Stars Campaign." This fundraising campaign replaced customary fundraising activities at the school with a one time, voluntary, tax-deductible financial contribution on the part of each family. With this campaign, the PTO hopes to fulfill its mission, while alleviating the burden felt by many families, both on their time and money.

collect funds for the elementary school through its "BoxTops" for Education" and Kroger card promotions. "BoxTops" are coupons found on many items in the ocery store. Each coupon earns \$.10 for the school. "BoxTops can be turned in to the school office by parents and community members alike. A look through your pantry may reveal that you already have some "Boxtops" at home—we invite you to bring those in and help our school.

money for the school at no exand with little effort through the PTO grocery card promotion. The PTO earns four percent back on all purchases made at Kroger with a Kroger Plus card that has been linked to our PTO. Kroger Plus cards can be linked at no cost via www. krogercommunityrewards.com. For the purpose of this program, the TPE organization number is #80233. The PTO encourages all community members to become part of this program today!

For more information on any of these fundraising opportuni-ties, please visit the PTO website at www.mariemontschools.org.

Police Report

Police responded to a report of theft from a motor vehicle parked at the Terrace Park Swim Club. Credit cards and cash were removed from the driver's wallet and the passenger's cell phone was taken. Shortly after the theft, the driver was notified by his credit card companies that there was suspicious activity on the cards. Upon investigation, it was determined that the credit cards were used at a UDF for the purchase of gasoline.

Police detained a driver when it was determined that there were outstanding warrants associated with the license plate of the car he was driving. The driver admitted that his license was not valid. When retrieving the driver's cell phone from his car, police saw small amounts of marijuana on the passenger seat. Upon questioning, the driver admitted that he had a gram of marijuana in the car. The driver was cited and released.

A resident reported that he had been assaulted on the bike trail. The resident was running on the left side of the path. A male on roller blades passed the resident and yelled that the resident should be on the right side of the path. When the resident was running back, he saw the skater again. As the resident was trying to avoid the skater, who was aiming straight for him, the resident pushed the skater away. The skater picked up a tree branch and struck the resident. Neighboring departments were given a description of the skater.

After going into the police station for a few minutes, a Terrace Park police officer returned to the parking lot where residents reported that a vehicle had struck his nolice cruiser. The driver in question was extremely upset about the amount of damage done to her ve-hicle and informed the officer that he should not have parked where he did and that the damage to the would buff out. The driver then informed the officer that she was going to a concert in the community center and would return tomorrow to obtain a police report. The officer advised her that she would be delayed. The officer then obtained the driver's insurance information and took pictures of the damage to both vehicles

Police responded to a report of a stolen vehicle and a possible underage party at the Terrace Park Swim Club. Police did not find any evidence of underage drinking. The driver of the missing vehicle reported that it had not been stolen but moved to another parking lot. Witnesses reported seeing a juvenile suspect remove the driver's keys earlier in the day. The parents of the driver and the juvenile suspect handled the situation privately.

Police responded to a vehicle break-in at St. Thomas Church. The driver's side window was broken out. The driver reported that her camera and purse were missing. Shortly thereafter, the driver reported that unauthorized charges from UDF appeared on her credit card. The credit card was cancelled.

A resident reported that three uvenile males were squealing the tires of a golf cart in the rear park-ing lot of the elementary school. Upon arrival, police found one juvenile driving the golf cart while another juvenile was video taping the event. Police informed the ju-veniles that the golf cart was not be operated on school grounds and that it could only to be operated by licensed drivers.

Police initiated a traffic stop after observing a driver making an improper right turn on a red light. Police detected an odor of marijuana coming from the vehicle. After issuing a traffic citation, police asked the driver if he had marijuana in the car. After a verbal exchange, the driver gave the police a glass pipe containing marijuana residue. The driver was cited for possession of drug paraphernalia.

Police also responded to alarm drops, noisy neighbors, a stray dog, an injured dog, barking dogs, downed power lines, a residential lockout, a missing child, a suspicious vehicle, a tree on fire, a horse in the road, and numerous

properties found open. Terrace Park Police provided mutual aid to the Mariemont Police Department, Milford Police Department, Hamilton County Park Rangers, Hamilton County Sheriff, and Newtown Police Department.

The Festivities on the Green

I would like to express my gratitude to the following groups

- The Terrace Park Community for coming out and embodying the values and ethics that are central to that seemingly intangible "Terrace Park-ness" that we all love and otherish.

Our key financial sponsors; community members and businesses who, like you, value the young people of our town and are committed to seeing the opportunities provided for by the TPRC continue.

- All those that gave their time and energy towards the set-up, take-down, and running of the booths on the Green, those that assisted with Sunday's bike decorating event at the school, those who participated in Monday's fantastic parade, and those that worked behind the scenes coordinating and scheduling volunteers so that outwardly things might appear smooth.

If we' ve missed anyone, please let us know!!

The Lindners served up some cold treats from UDF on a hot day.

Showing off some fine twirling skills.

President Lanie Grever and Vice President Lucy Maish of the Terrace Park Garden Club were present on the Green for Labor Day sharing information

Horizon Community Church to offer Saturday service

By Melissa Hamerstadt, Horizon Community Church

Horizon Community Church launched a new Saturday service, meeting weekly at 4:30 p.m. The Saturday service will be identical to the church's Sunday 8:50 a.m. Equipping Service, and is being added to provide an additional time option for those seeking an alternative to Sunday morning services. Separate children's programs for birth through 8th grade will also be available during the new Saturday time slot. Horizon, located at 3950 Newtown Road in Cincinnati, is an interdenominational church that offers two different styles of services each weekend.

The Equipping Service is de-signed for those who are maturing in their faith, featuring participatory worship music, times of prayer and reflection, monthly communion, and extended verse-by-verse teach-ing focused on specific books of the Bible. The service is designed to be a robust, challenging experi-ence where the Arts meet faith with creativity, emotion, and reflection.

Horizon's Exploring Service is presented on Sundays at 10 a.m. and 11:10 a.m. for those who

are new to faith or just beginning to investigate Christianity. The Exploring Service offers topical themes and spiritual questions rel-evant to everyday life. Down-toearth teaching, upbeat music, and creative media help the audience wrestle with topics like parenting & relationships, world philoso-phies, decision making, ethics in the workplace, aging, and the search for significance

At the core of Horizon's philosophy is the recognition that each individual's spiritual journey is personal. Lead Pastor Chad Hovind explains: "No two people encounter God in the exact same way or at the exact same pace. As a result, we've designed Horizon to be a place where we give people the flexibility and acceptance to wrestle with faith, ask questions, and take their time to fully understand their place in God's story."

More information about Ho-

rizon Community Church can be found online at www.horizonce. com or by calling the church office at 513 272-5800.

Letters to the editor:

To our neighbors, The Collin Penn Barton Memorial Shelter at Drackett Field is more than just a shelter from the storm, as important as that is for children on the sports fields. The shelter is a symbol. A gift built with love and support from all of our friends, family and our community. It lifts all of us. It lifts our family. For that we are more grateful than words can express. In return, our gift to you is the constant reminder of how precious life is. The reminder of the dangers our children face. The reminder for everyone to make good decisions on and off the sports field. This goes for children and adults alike. Please, don't forget. Don't forget Collin and don't forget the importance of the everyday decisions we

We would like to thank ev eryone who contributed to the shelter and have supported our family. Tiger Nelson for bringing the idea to light, the Terrace Park Recreation Commission for their support, the Shelter Commit-tee, all of the people who helped raise funds, for all of the people who applied their craftsman-ship to the design, building and landscaping. To all of the people who volunteered their time and hard work. We would also like to thank all of the kids and families who will play on our fields and use the shelter for many years to come. The shelter is a beautiful piece of art. Collin would have loved it.

Thank you,

Sean, Deborah, Collin, Connor & Skyler

Terrace Park Council Meeting

ilton County and the First District Court of Appeals. In the Common Pleas Court, the case has returned to the jurisdiction of Judge Robert Ruehlman after the Anderson Board of Zoning Appeals ruled that it would still approve Martin Marietta's application to mine limestone even if Martin Marietta would no longer pay the "Good Neighbor Fee." the Board's original decision, the "Good Neighbor Fee" was identified as an essential condition for approval. Now the new Board has approved the mining without any money being paid to the Town-ship to monitor or enforce the operation of the mine

Meanwhile, Martin Marietta wants the Court of Appeals to deny the dismissal of the question that Martin Marietta put before it Even though the Township Board ruled in its favor, the mining company wants the Court of Appeals to rule in its favor, too - without any further decision from Judge Ruehlman. Martin Marietta has not conceded that the matter is now properly before Judge Ruehlman. At this time, neither the Common Pleas Court nor the Court of Appeals has set any date for hearings or decisions.

Life Squad Chief John Maggard reported that TP EMS will start a new class on September 30. Six people have enrolled and there is still room for more. The class is Monday and Wednesday evenings and will be held in TP at the Emergency Services facility. Maggard again commended Susan Rodgers for her work coordinating recruiting. Please contact Rodgers at msrodgers@bellsouth.net or call Maggard or any other member of Fire EMS listed on the front of the TP directory about joining the September class. There have been six EMS runs since the July

Council meeting Street and police

Police Chief and Street Com-

missioner, Jerry Hayhow urged residents to lock their vehicles and garages and to leave nothing of value in their cars as there have been several thefts along the bike trail. The mayor thanked Chief Hayhow for the arrest made after the smash and grab in the church parking lot last month. Lt. Tim Chin is training Mariemont teachers about school safety and this program is a priority for the Village Police.

Planning and zoning

Councilman Tom Tepe pre-sented an ordinance amending zoning for the second reading and a resolution amending the con-tract dated October 10, 2000 for inspection services between the village of TP and the Inspection Bureau, Inc. for the first reading. Neither will cost the Village. Residents may call the Village Office for a copy of both resolutions. Residents are asked to attend the public hearing at the Community House November 12 at 7 p.m. **Building and grounds**

Councilwoman Holly Purcell presented the first reading of an annually renewed resolution requiring no new money and declaring the necessity of and providing for controlling the blight and disease of shade trees within public right-of-way and for planting, maintaining, trimming and removing shade trees in and along the streets of TP which includes all territory within and coextensive with its boundaries, for the year 2014, authorizing the officers of TP to do such work for 2014, providing for the levying of an assessment upon real property in TP for the cost and expense of such work. Holly urged Villagers to water their trees. Use a slow drip hose

or sprinkle for one hour a week.
Councilman Stefan Olson, Public Safety, reminded residents that only licensed drivers may drive golf carts in the Village. Olson plans to call a safety meeting.

SEPTEMBER

SEE PLUMBING

ATTENTION: Home Owners... If you have a plumbing problem, Don't Panic!... "How To Get A 'Top Talent' Plumber to

831-1700

Show Up On-Time, So You Don't Waste Time"

You have a busy schedule. You value your time, and you don't want to waste a day waiting for a plumber to show up.

Most plumbing companies won't give you a real appointment. They say "We'll be there between 10 and 4."

Now there is a new way to get your plumbing problem fixed, save money, and more importantly get a precise Appointment Window

So you don't have to waste time waiting. For your Appointment Window...

The Right Call.

Mom and I always have fun at the Reds games, but don't always agree on every call. But we both knew Marjorie P. Lee was the right decision. She's really enjoying her new friends and healthier lifestyle. And we both feel better knowing that if, in the future, her health care needs change or she can no longer afford the rent, she'll still have a place to call home. It's in writing and a promise they've kept for 60 years. Contact Michelle LaPresto at 513.533.5000 or visit www.episcopalretirement.com/decisionguide

It's all right here if you need it.

Marjorie P. Lee in Hyde Park is a community of Episcopal Retirement Homes, where all faiths are welcome.
