## 2 and A on Levy

(Editor's note: It is the purpose of Village Views not only to print local news, but to discuss issues and problems of the Community. The forthcoming vote on the tax levy is of major concern to each resident.

We asked Dick Feldon, Council Finance Committee Chairman, to answer questions pertaining to the levy. The following cover those most widely asked at the block meetings held during October.)

**Q:** What is the tax levy to be voted on November 4?

**A:** It is a levy to provide funds for the operation of the village for the next four years. It consists of 3 mills which are renewal of the levy passed in November 1967, plus 4 mills that represent new funds.

**Q:** How much will it add to the tax bill of the average Terrace Park family?

**A:** The average family is now paying \$550 per year (\$275 per tax bill) in property taxes. Passage of the levy will raise these taxes to \$598 per year (\$299 per tax bill) or \$24 per tax bill or \$48 per year more.

**Q:** Can the 3 mil renewal portion of the levy be voted on separately from the 4 mil addition?

**A:** No. State law decrees that there be only one item on the ballot for operating funds. Council, therefore, was obliged to decide what the needs of the village were and ask for that amount as a millage figure. Consequently, this levy is an all or nothing decision by the electorate.

**Q:** Why is the 4 mil addition being asked for?

**A:** Operating costs of all kinds have been steadily increasing, especially in the past two years, while income has stayed constant. As a result the village has been operating at a deficit in its general fund for the past 3 years (-\$11,000 in 1969). This was possible to do because of a surplus in the General Funds several years ago. That surplus has now been wiped out. The village needs the additional income in order to maintain present services and to restore itself to a reasonably sound financial position.

**Q:** Can you give specific examples of rising costs?

**A:** The biggest single item has been salaries to both uniformed and non-uniformed village employees. The nationwide demand for better police protection has contributed to nearly a 40% increase in starting patrolmen's salaries in the past two years alone. A similar increase has taken place in non-uniformed salaries as a result of the tightening labor market. The village has to maintain competitive wage rates if it is to keep its staff. The alternative is to discontinue services.

**Q:** What would happen if the levy failed?

**A:** Village income in 1970 would be cut at least \$56,000 or just under half the total approved operating budget. As a result, there would be a major cut-back in village services of all types. Hardest hit would be the Police Department, which now accounts for about half the village's operating budget. We would undoubtedly lose 24 hour cruiser protection. Also hard hit would be the Fire Department and the village's ability to maintain the village green, the Community House and other village property. In short, it would be a major step back for this community that would deeply affect its status as a desirable place to live.

**Q:** Were alternative sources of income explored?

**A:** Yes. Particularly we looked at an income tax as a replacement for the property tax. We favor this because as a general rule revenue from an income tax keeps pace with rising costs, while revenue from a property tax stays static. Under Ohio law, however, as a general rule, income may only be taxed in the community in which it is earned. Very few Terrace Park residents earn their income within the village. What little we could collect this way would be more than offset by the cost of collecting and administering the tax.

We also have sought a larger share of the state and county funds earmarked for local communities. While we have had some encouragement in this effort, the potential help is small, and to a very large extent is directly dependent upon our willingness to carry our own burdens. If the levy passes, we will receive the equivalent of an extra mil's worth of income from the county which we are counting on in our budget. If the levy fails, our county aid will be cut.

**Q:** To what extent has "tornado" damage influenced the need for passage of the levy?

**A:** The levy requirements were established before the tornado. As it now appears unlikely that we are going to

## Candidates Meet Electorate; LWV Discusses Ballot Issues

A "Meet Your Candidates Meeting" will be held on Sunday, October 26, at 7:30 p.m. in the Community House. It is being sponsored by the League of Women Voters and the Village Forum. The seven candidates for Council will be presented and state and local issues appearing on the November 4 ballot will be discussed.

Mrs. Andrew Rogers will serve as moderator of the candidates program. Candidates Janet Decker, Richard Feldon, Richard Griffith, Robert Kramer, Donald Knapp, Lawrence Lyons and Robert Sperry have been invited to speak and to answer questions from the floor.

Mrs. Craig Barber will explain the two proposed

constitutional amendments. One would lower the voting age from 21 to 19 and the other would eliminate the short term election of state officers to fill a vacancy of less than one year. There will also be a brief explanation and discussion of the 7 mill tax levy.

After the meeting, refreshments will be served by Mrs. Gene Barnes and Mrs. Herbert Unhold. Additional hostesses are Mrs. Robert Henley, Mrs. Robert Vogt, Mrs. James Johnson and Mrs. Thomas MacMillan.

Girl Scouts from Cadet Troop 653 will assist the League and Forum by calling citizens to remind them of this opportunity to meet the candidates.

## Players Prepares

### Seasons First Show

Director Bill Konold leads a rehearsal of cast for the "Chicken Every Sunday." From left to right: Bill, unidentified legs, Sally Hough, Roland Koch, Tutt Lambert, Phyllis Regan, Dorothy Reynolds, Cheryl Wadsworth and Beverlee Critchell.

The first production of the Terrace Park Players 11th season is "Chicken Every Sunday". Thursday, November 13, is opening night for this three act comedy which is set in Tucson, Arizona in 1916.

The action takes place in a Victorian mansion which the owner has converted into a boarding house. Her menagerie of boarders include an old maid schoolteacher, a mysterious can opener salesman, an extravagant widow, an aged mining prospector and an alcoholic mother-in-law who yodels. In addition to the eccentricities of the guests, she must contend with an energetic teen-aged daughter, and an enterprising husband who is continually trying to borrow

money for new business schemes.

Veteran director Bill Konold has chosen some well known and some new faces for this production. The cast includes Beverlee Critchell, Tutt Lambert, Sally Hough, Randy Kocher, Cheryl Wadsworth, Bill Pettit, Peg Pettit, Flach Douglas, Bill Konold, Chris Pannkuk, Annie Konold, Tom Ryan, Laurie Henderson, Dick Smith, Dorothy Reynolds, Dave Pannkuk, Lois Lambert, Jack Siegmund, Roland Koch, Jay Forrester and Phyllis Regan.

The production staff includes Sue Scovill, Marianne Gay, Kent Smith, Arnora Hummel, Lois Lambert, Julie Forrester, Rusty Bredenfoerder, Flip House, Pat Haynes, Addy Evans,

outside help to pay for the damage, the effect of the tornado is to further strain the village's already tight financial position. We are pledged to complete the clean-up as fast possible and are using every resource we can call on to get the job done, but it will take time and ingenuity to accomplish. Passage of the levy will make the job difficult but possible. Failure would make the job impossible.

**Q:** How can a citizen get more information on which to base his vote?

**A:** We have organized over 30 'block' parties at which a Councilman will be present to explain the issue to the voters. The issue will also be discussed before the League of Women Voters in mid-October and at the November 3 PTA meeting.

## Decision On Chief Near

Frank Corbin, Safety Chairman, announced at the October 14 meeting of Council, that the search for a new Police Chief had been narrowed to four superior candidates. Over twenty men have applied for the job.

After study of applications over the past ten weeks, the committee, consisting of Corbin, Tib Davis and Dick Feldon, has presented its top choice to Mayor Lindell. This choice must be approved by the entire council, and hopefully the final decision will come at the November stated meeting on November 11.

The committee pointed out that one of the reasons given most often in answer to the question as to why the man applied for this job was that he would like to have his family live in Terrace Park.

Sandy Megowan, Jean Henderson and Joan Feldon.

The play will run three nights at the Terrace Park School; on November 13, curtain time is 7:30 p.m.; November 14 and 15, curtain at 8:30 p.m. Tickets will be on sale at the door.

### NOTE:

Thursday evening, October 30, is officially set as *Beggars Night* by Mayor Lindell. The fire siren will blow at nine o'clock to signal the end of festivities and all children should be off the streets after that time.

Council asked that citizens keep dogs off the streets during the Trick or Treating hours.

## the book worm

by sue huprich

From your parents you learn love and laughter and how to put one foot in front of the other. But when books are open you discover that you have wings. And so it is our feeling that a column mightly reviewing a variety of books might be appropriate for the readers of Village Views. With this in mind, I will tell you a little about three books I have recently enjoyed.

The *Godfather* by Mario Puzo has graced the best-seller lists for many months and although that is not always a reliable criterion of the best reading, in the case of *The Godfather*, it has merit. This is a very readable and timely novel based on the all-too-real and functioning Mafia in our country. An explicit book in details and perhaps shocking to some it is nonetheless a fascinating reading of a fictionalized Mafia "family" and the way in which organized crime operates and affects each one of us.

The *Godfather* led me back a year to the publication of *The Valachi Papers* by Peter Maas. This absorbing book is based on actual interviews with Joseph Valachi, who turned informer and now carries a \$100,000 price tag on his life by the Mafia. It is a first-hand and unadorned revelation of the entire gamut of crime in our country. These two books make good and enlightening reading.

A light and humorous touch is *The Good Life* by Douglas Wallop, who wrote *The Year the Yankees Lost the Pennant*, which was adapted into the Broadway hit, "Damn Yankees." *The Good Life* is a real rib-tickler. A middle-aged man, tired of mortgages and car payments, liquidates his assets and he and his wife, forsaking all their material possessions, become live-in servants to the very rich. What ensues can only be described as hilarious. A delightfully entertaining book.

## Firemen Learn Skills

Terrace Park School's Junior Firechief and two Junior Firemen were guests of honor at the Fire Department's drill and demonstration October 6 at the Log Cabin.

Mike Skinner of Plainville was named Junior Chief for his winning essay on "Why I Want to be Junior Fire Chief." Julie Reynolds and Jay Rice were runners-up in the contest for fifth graders sponsored by the Fire Department to highlight Fire Prevention Week.

The three winners joined other junior firemen from the area for a fire-fighting demonstration at the Cincinnati Fire College on October 10.

# The Village Levy

Tuesday, November 4, we will exercise our duty and privilege to vote at the polls. At that time we will cast a yes or no vote for the seven mill operating levy to replace and renew the expiring three mill levy.

No one will deny that this is a large asking percentage-wise. Yet, it will add only \$4 a year for every \$1,000 valuation to your tax bill.

However, let's look at what we now ask and receive of our village that we did not when the three mill levy was passed. The largest single item in the budget is for police protection. As a suburban area near a large city we feel the need for thorough, 24 hour protection. We now demand a police department headed by a professional trained in modern police science. We want to be able to retain the type of young men who have used our department as a training ground and stepping stone to better jobs. We must pay for this increased service.

For better or worse, our streets are more brightly lighted. A small amount of the additional four mills will be used for this.

Our village employees' salaries are barely in line with other communities, but it's a sure thing that we can't cut corners there. It is also to be expected that other services contracted by the village will be higher at contract renewal times.

Although the budget was planned, presented, and approved before the August 9 storm, the expenses incurred as a result have depleted the village's funds. If the levy passes, Council will hopefully be able to complete the necessary removal and pruning of village owned trees.

Anyone who doubts the frugality of operation of Council should attend a meeting to observe how carefully these men spend our village income.

There is a temptation to use a tax levy as a whipping boy, as it is about the only area where a voter can indicate displeasure with government in general. Let us hope that this does not happen here. Defeat of the levy would mean a special election. Someone must pay for that.

The Finance Committee worked long and carefully to prepare this budget to get it approved by the county. Council members are unanimously for it.

A YES vote will cost you money. Most things of value do.

## O-K-I Head Reveals Problems

Waste disposal and river clean-up may be Terrace Park's most immediate concern with regional planning, but other serious problems are crowding in for cooperative solution, according to Charles Ball, Executive Director of O-K-I Regional Planning Authority, speaking to the Village Forum on September 28.

Mr. Ball discussed population growth, new highways and industrial development, with interlocking problems of sanitation, water and air pollution and land spoilation which demand inter-community measures for quality control.

Typical of Mr. Ball's remarks: "We have a crisis in solid waste disposal throughout Ohio. Increasing quantities of institutional waste are added to the growing tonnage of city garbage and sewage. Don't think that because your garbage is car-

ried away from your door, the problem is solved. In our various communities we have attempted only short-range accommodations -- hardly any real solutions."

Studies in this and inter-related problems are in the scope of the O-K-I authority, under the Regional Transportation and Development Act of 1962. The local authority is one of 203 in the nation, and is second largest in budget and staff. It comprises four counties in Ohio, three in Kentucky and two in Indiana.

## letters

Last winter this community was shocked by a series of incidents which indicated that drug use was more prevalent in the Mariemont School District than most of us cared to admit. This news resulted in a series of meetings which were held to inform the village of the conditions and nature of these acts and to discuss remedies. From these meetings came Village Views and the Village Forum.

Six months have passed, and so, in the minds of most village residents, has the crisis, and the need for a forum to discuss problems and solutions. This was apparent to the 22 people who attended the September Forum. We were fortunate at that meeting to have as our guest speaker Mr. Charles Ball of the O-K-I. Those of us in attendance learned about development in the Little Miami River Valley that will affect us all. The disappointment was that so few considered it worth two hours of their time.

It is unfortunate that this village needs a crisis before it is willing to analyze its problems. Perhaps this is a condition that plaques contemporary life everywhere. Regardless of the reason, it is evident that the Village Forum cannot be a forum if only 22 people participate.

On Sunday, October 26th at 7:30 in the community house the Village Forum will meet to hear Council candidates. Your attendance will determine whether to continue the Forum or to wait until another crisis develops.

Robert Vogt, chairman, Village Forum

### THOSE DOGS AGAIN

I have received several calls regarding loose dogs in Terrace Park and what is being done. I have informed such citizens the substance of the attached letter . . . It has been suggested that this information be published.

(Excerpt from letter)

" . . . we have made arrangements with the Hamilton County Health Board and S.P.C.A. to assist in the handling of this problem.

The Hamilton County S.P.C.A. will, under State Lease law recently enacted, issue a warrant and prosecute when notified of a dog running loose or doing damage.

Any citizen . . . can call the S.P.C.A. and furnish information regarding such dogs. No affidavit need be signed, and on investigation by S.P.C.A. and upon securing proof, they will, as stated above, issue a warrant and prosecute the offender. First offenders are fined \$15 and costs. The number to call is 541-6100."

## Charms of '86 True in '69

In an attempt to develop this area for residential use, Camden City was platted in 1850. The Pattison and Iuen's Subdivision was recorded in 1886. Above is a drawing of the old plat plan.

By and by the platted streets east of Miami and Terrace Place were vacated. Most of that area became the beginning of the Terrace Park Country Club. I am told that they did manage nine holes, scattered about and around upper Miami Avenue. The tennis courts were in the vicinity of lower Oxford and Michigan Avenue and the club house was where Carl and Marge Hettrick reside.

Reproduced here are two parts of the sales pitch for the subdivision.

### Terrace Park Building Plan.

60 parties wishing to build in our subdivision, we will make very liberal terms and give long time in which to pay for their homes. The desire of every man of family is to own his home and stop paying rent. We think we can give you terms which will enable you to accomplish this with but little more outlay of money than you are now making in paying rent.

We can build you a good, comfortable house of six rooms, on a lot 50x190, for about \$2,000.00. This includes cost of lot. We charge you 6 per cent, interest; and in a few years you have your house and lot paid for, and have no more rent to pay.

If you wish to build a house costing more, and have more than \$500 to invest, we will loan you money, at 6 per cent, on long time. You can build much cheaper at Terrace Park than in the city, and would only say to any one contemplating a move to the suburbs, don't decide on your location until you have seen Terrace Park. It will cost you nothing to go out and see our subdivision, and we are satisfied you will be pleased. The lots are large, the surroundings all that can be desired, the price so low that it is cheaper to own a home than to pay rent. We give free transportation for one year to each builder of a house.

### Some of the Beauties of Terrace Park.

In our new subdivision and subdivisions adjoining, we have nearly four (4) miles of driveway. Miami Avenue, running along the bank of the beautiful river of the same name, is one of the most charming drives to be found in the State. A good gravel road, fifty (50) feet wide, shaded with fine forest trees, and giving you views of miles of fine farming country, with the hills in the distance covered with orchards, vineyards and woodlands. At the foot of Oxford Avenue we have a pier extending out in the river and a boathouse. A stretch of river, as smooth and as clear as a lake, of about two (2) miles. Here you can safely trust the children to learn all the sports of the water; a gravelly bottom, and not so deep as to make swimming dangerous to beginners. Good fishing can be had, and in the winter, what better skating place can you wish. The soil is admirably adapted to gardening, being easily worked, and with good drainage. You can make your yard a beautiful flower garden. Your children and yourself will be healthy and happy. No smoke or dirt; and yet as near the city, in point of time, as you would be at Walnut Hills or Price Hill.

### FILL 'ER UP

Fire Department members will man the pumps at the Citgo Station on Saturday and Sunday, October 25 and 26. All profits will go to the department's fund.

### FOR THE BIRDS

Cub Scouts will again sell bird seed door-to-door. This year the sale will be on Saturday, November 8. Fitz Corr is Den Dad in charge of sales.

### FOR PRE-SCHOOLERS TOO?

"Are You Giving Your Child Good Sex Education?" will be the topic at the November 18 meeting of the Terrace Park Pre-School Child Study Group. A 30 minute film, "Parent to Child," will be shown. The discussion to follow will be led by three mothers who are also nurses: Maryanne Madewell, Marge VanMeter and Coleen Lowe.

Husbands are encouraged to attend this meeting which will begin at 8 p.m. at the Terrace Park School. Non-members are welcome.

The leafsweeper will be in operation during the week of October 20. Villagers should rake leaves to the street or edge of their lawns for pickup. It is essential that branches and twigs be piled for separate pickup. The sweeper is built to handle dry leaves only, and hidden debris in a pile of leaves may injure the mechanism.

### ICE SKATING FOR FAMILIES

Terrace Park Skaters still have openings for family memberships in the Club.

The Skaters have reserved Cincinnati Gardens for sixteen Saturday afternoons from 4:30 to 5:30, beginning November 1. Lessons are included in the membership. Call Ginny White at 831-3351 or Sue Ewers at 831-7295 for information.

### CLODHOPPERS

### CHANGE SHOES

The newly remodeled Community House will be the scene of Clodhoppers' first dance of the 69-70 season. Social hour begins at 7 p.m., potluck dinner at 8, and dancing to the music of Jack VanWye's band is from 9 to 12. The dance, entitled "Old Shoes - New Shoes," will feature prizes for the couple who brings in the most new members. For reservations, call Marilou Bachman, 831-6446. Guest fees are \$5 a couple.

New board members are Dick Meyer, president; Charlie Gay, vice-president; Gayle Taylor, secretary; and Bill Higgins, treasurer.

### COUPLES GO BOWLING

The Couples Club will meet at Mergard's Lanes in Milford for a bowling party on Friday evening, November 7, at 8 o'clock. Afterwards, the group will go to the home of Mr. and Mrs. Andrew Rogers for refreshments. Mr and Mrs. Brian Britchard are co-hosts with the Rogers. For reservations call Sara Pritchard at 831-1995 by October 30. Newcomers are always welcome at Couples Club events.

Homes!  
*not*  
Houses

...and there is a difference.

A house is cold, empty. A home is part of the family... warm, and full of life. And the emotions of moving from your home are like leaving an old friend. This is the time you need the Realtor who understands the emotions of this moment—the Realtor who knows the difference between a house and a home.

West Shell, Robson-Middendorff associates sell homes, not houses. Call one to find out why.
