Council Remembers Lee Cole, Discusses Recent Fire Dear Neighbors,

Submitted by Vivian Krueger

Mayor Tom Tepe opened the meeting by remembering Lee Cole. Lee was a TP Councilman, a historian and a "Good Man." The Mayor sends thoughts and prayers to Lee's family. The Mayor recognized the TP Fire Department for their excellent work at the recent fire on Myrtle Ave. The fire was a great loss to the family and Tom offered further help to the family when needed.

John Maggard, EMS Chief, reported the seven recruits are training on schedule and doing great.

Steve Dronsfield, Fire Chief, thanked Gerry Hayhow, the TP Fire Department and the Fire Departments from Milford, Mariemont, Anderson, and Madeira-Indian Hill for helping with the Myrtle fire.

Gerald Hayhow, Village Administrator, asked that TP homeowners to have their chimneys cleaned and inspected annually.

Ten golf carts have been inspected and have their Ohio license plates. There is no charge for the inspection. Please check the Village website for more information.

Regina Sharp, Planning and Zoning, advised there is a meeting at the Community House March 19 at 7:15PM to review changes in the zoning code.

Lauren Ingebritson, Building and Grounds, will need additional funds for tree care. There was a meeting on January 30th to address the 3500 trees on Village Property and the 700 Maple trees planted in the 1950s that need attention. There is a winter lower price from tree companies that she wants to use.

Jeff LeMay, Finance, presented four resolutions for authorizing insurance coverage under the Ohio Government Risk management plan, for requesting the County

Auditor to make tax advances during 2019, for empowering the Chief Fiscal Officer to revise the 2019 Appropriation budget, and to authorize the purchase of a Kubota ZD1211-60 Zero Turn Mower at a price of \$11,148.

Pax Lindell, Public Works, presented a resolution for an agreement with Jamison Construction Solutions, Inc, for the Winding Brook Lane creek restoration project at a cost not to exceed \$23,160 and declared an emergency.

It's that time of year when we've had it with winter and the whole village is getting a little stir crazy for spring. Well, it's right around the corner and I hope this issue of the Village Views ushers it in for us all. February is the shortest month but can always seem like the longest, so the good news is that it's over and we are on to mulch sales, ordering plants, getting ready for Easter egg hunts and shaking off the snow on the lacrosse goals at Drackett Field- in other words-Spring is definitely coming! There's a hoedown coming to the school, the 6th graders are gearing up for the annual musical and there's an

important lesson to be learned in this month's police report about the difference between Pokemon and Tokey-Man. I am also reprinting an old letter to the editor from the time the village acquired the Nature Preserve property. It's a nostalgic look back at a nostalgic look back. If that sounds confusing, just read it and you'll see what I mean. Whether March comes in like a lion or a lamb is yet to be seen, but a new season is definitely coming fast. Get out and enjoy it and send photos of your spring fun to us to share in upcoming issues. Until next month I remain,

Your Editor,
Steve Early

The Miami Grove... What's to Be Done With It?

(Editor's Note: The following re-print is a wonderful letter to the Village Views written by local attorney Flach Douglas in 1969. It offers a vivid glimpse into the Terrace Park of days gone by. Flach was a lifelong resident of the village and passed away in 2016. The Burnham brothers mentioned in the letter lived on Lexington Avenue and were 11 and 12 when they fell off a raft into the Little Miami River on August 18, 1942. Neither boy could swim. Although the option of turning over control of Miami Grove to an outside agency was apparently discussed, that plan was abandoned and the land remains in control of the village as The Miami Grove Nature Preserve.)

When the prehistoric Indians first decided to construct mounds in Terrace Park they backed up their defenses with the Little Miami River. The Covalts probably had the same idea when they built their station. When the subdividers of Gravelotte were offering the people of Cincinnati the ideal location for their summer homes they promoted the beauties of the Little Miami River.

Surprisingly, the influx of the corporate executives after the war was not motivated by the river, but anyone growing up in Terrace Park during the depression and the war was deeply aware of its existence.

Next, nobody had any money during the depression, so much of our amusement was centered around the river. My most vivid memory is the death of Bo and Paul Burnham. I was with them when they drowned and have never exculpated my own sense of complicity in their deaths. Stevey Critchell and I went swimming in the river in February. Hudson Berry, the father of the Ohio Valley Anti-Pollution Compact, in

his 60's would skate from the Milford Bridge to the point and back. I lost a canoe in the river just a couple of years ago. Parents who come to this town in maturity will not appreciate this river the way their children do.

The kids know what I mean. They know about the shallows along Miami Avenue where Hans Gehrig used to set out his Ivory Soap trout lines. They have seen Carl Hettrick fish the river. They have seen the old men of Milford fish off the point. They have been swimming, rock hunting, frogging, fishing and funning even when you did not even know it. This is the place they can escape from you parents to fight the Indians of a century ago.

But the "Grove" was always a problem. Earl Runyon ran the roughest bar in southwest Ohio down there. The Miami Grove landlord was so unpopular that one Halloween some of you now-leading-citizens threw rotten eggs and tomatoes all over his house. Harry Minnick, the Police Chief, was not about to interfere. But through the efforts of Carl Lindell, Hans Gehrig and some others, the village finally acquired the property.

Folks, it is ours! Now what are we going to do with it? Well, we sure don't want to make it a park. We have several alternatives which do make a tremendous amount of sense. First, the matter must be removed from political influence vagaries. There are two organizations ideally equipped to administer and preserve the Miami Grove area. One is Little Miami Inc.; the other is the Cincinnati Nature Center.

Next month these organizations will be reviewed, and we will attempt to show why this beautiful part of Terrace Park should be conveyed in trust.

Building on Excellence in Mariemont City Schools

Submitted by Steve Estep, Superintendent Mariemont City Schools

With the passage of the operating and permanent improvement levies on November 6, 2018, voters showed their commitment to maintaining the excellence that defines the Mariemont City School District.

For two years leading up to the ballot issue, the school district engaged the community in a variety of ways to help all stakeholders understand our schools' needs if we were "Maintain Excellence." During the fall, the district hosted "A Celebration of Excellence" at its annual State of the Schools Ad-

dress. And now the district transitions into a period of "Building on Excellence," a time to take the already established excellence in our schools and build on it with the Mariemont High School Facility Project.

In an effort to keep the community, staff and students informed with the latest facility project information, Mariemont City Schools will be periodically rolling out a Hard Hat Update to share up-to-date news and notes. Hard Hat Updates will include FAQs, news releases, video inter-

views, renderings and more and will be disseminated whenever there is new information to share.

Hard Hat Update information, as well as all Building on Excellence updates, can be found on the district's website and social media platforms.

I also want to invite all community members to join us for the special Groundbreaking Ceremony as we begin construction on Mariemont High School. The ceremony will take place on May 30 at 6:30 p.m. and will be immediately followed by an open house

and the community's last chance to walk the halls of the current high school.

It is a very exciting time for the Mariemont City School District!

PASSED AWAY:

Louise Costanzo

Submitted by Dominic Costanzo

My wife of 62 years, Louise Dawn Costanzo passed and went to be with her Lord on January 9th. She had lived with her family in Terrace Park since 1965 raising her son Dino and daughter Tina and hosting their many friends all through high school and college. Many Terrace Park children enjoyed her famous chocolate chip pancakes and all our animals as well as the pony rides and ball games. Lou was a great cook and seamstress and also the editor of Terrace Park news for the Eastern Hills Journal. Louise was the host for a Bible Study in our home for over ten years followed with great desserts. She will be missed by all her family and friends.

Louise Dawn Costanzo with great grandson Dean Costanzo, also a Terrace Park resident.

High School in 1973 and Miami University in 1977 with a host of lifelong dear friends. Laurie was a member of Kappa Kappa Gamma sorority, Junior League of Cincinnati and Terrace Park Country Club. Dear March, Come In
By Emily Dickinson

Dear March, come in!
How glad I am!
I looked for you before.
Put down your hat—

You must have walked—
How out of breath you are!
Dear March, how are you?
And the rest?
Did you leave Nature well?
Oh, March, come right up-
stairs with me,
I have so much to tell!

I got your letter, and the
bird's;
The maples never knew
That you were coming,—I
declare,
How red their faces grew!
But, March, forgive me—
And all those hills
You left for me to hue;
There was no purple suitable,
You took it all with you.

Who knocks? That April!
Lock the door!
I will not be pursued!
He stayed away a year, to call
When I am occupied.
But trifles look so trivial
As soon as you have come,
That blame is just as dear as
praise
And praise as mere as blame.

Police Report

December 2018 - January 2019

Late one night, a police officer became suspicious of a vehicle with two people in it parked near a central Terrace Park office building. Despite the strong odor of marijuana coming from the car when the driver rolled down the window, the occupants said they were playing "Pokemon." The clever officer immediately spotted the ruse,

searched the car, recovered drug paraphernalia and an open alcohol container and issued citations.

A resident reported that someone had stolen a large amount of cash, a gaming console, and a firearm from his unlocked home.

Catalytic converters were cut off of three vehicles stored in the village maintenance lot.

Garden Club Learns About Terrariums

Submitted by Christy Hawkins

In January, the Terrace Park Garden Club (TPGC) hosted presenter Mychael Rumping from A.J. Rahn Greenhouses at its monthly meeting. Mychael demonstrated, in less than 30 minutes, how to create a beautiful terrarium to brighten up any indoor space. It also makes a great project to do with your kids during the cold, indoor months.

Mychael's easy steps and tips include the following:

- Glass – Select a large glass container (helps plants access sunlight, and you can see everything)
- Base – First, add a half-inch level amount of river pebble or horticultural charcoal (for water reservoir and to aerate soil)
- Soil – Then add dry, all-purpose potting soil (stays wet longer) not to exceed 1/3 of the container's height
- Plants – Select plants that have similar care requirements, such as moist soil and amount of light, and vary the growth height, texture and color. Apply the design rule of 3's.

Use Tropical plants – they like being within moist soil and a humid container:

- Baby Tears (lowest height) – roots grow out, don't need an entire patch and can break some off from the root system
- Club Foot Fern (middle height)
- Creeping Ficus (tallest height)
- Plants should sit about ½ way up the container
- Use a spray bottle to mist the roots before you plant them
- Don't plant them too deeply, or go all the way down to the base layer
- Add a pinch of soil to keep plants upright as needed
- Don't cram the plants together – leave open space
- Trim the plants regularly as they grow
- Cover Soil – Cover the top of the soil with a thin layer of pea gravel or sand to prevent fungus gnats from laying eggs
- Stones and Moss – Finally, add these last as accents
- Spray with water bottle until

soil changes to dark brown color

- When the root system grows into the rock base, start using organic fertilizer
- If you cover the terrarium, leave the cover off for two hours every day

Spring Means Mulch!

Submitted by David Cooper, BSA Troop 286

Terrace Park Boy Scout Troop 286 is once again sponsoring our annual mulch sale to raise funds to support our scouting activities. The troop started selling in mid-February, and will be taking orders through March 11th, with delivery to your house scheduled for March 15th and 16th.

Your purchase contributes to the following:

The Terrace Park Boy Scouts give back to the community in many ways. Recent Eagle Scout service projects have included: Improvements to rain gardens at Terrace Park Elementary, construction of a new GaGa Pit, development of a new program area at Stepping Stones, improvements to curriculum based gardens at the John P. Parker School, refurbishment of most fire hydrants throughout the village, improvements at Drackett Field such as the lacrosse bounce-back, dumpster screening and landscaping around the Collin Barton Memorial Shelter.

In addition, every Christmas

the Scouts collect and wrap holiday gifts to distribute to children in need through the Post Office Letter Carriers; we assist with the Pancake Supper, conduct a food drive on Super Bowl Sunday and periodically conduct clean-ups along the bike trail and Little Miami River.

Most of all scouting in Terrace Park provides a positive opportunity to develop skills and responsibility in our youth. In addition to camping trips throughout the year, the Scouts have participated in National Advanced Youth Leadership Training, wilderness canoe trips to Canada, and serious backpacking trips to Montana and Philmont Scout Ranch in New Mexico.

We hope you will support the Terrace Park Boy Scouts by purchasing your mulch from your local scout. If you haven't heard from a scout by March 5th, and would like to purchase mulch please let me know and I will send a scout your way. We can be emailed at trop-286mulch@gmail.com Thank you, TP, for all of your support!

It's not too early to be making plans for your children's summer activities, and with that thought in mind Armstrong Chapel has opened online registration for its annual Vacation Bible School at www.armstrongchapel.org/vbs.

From 9:30 a.m. to noon, June 17-21, children who are 4-years-old by Sept. 1 through those who have completed 4th grade, will be offered classes and a hands-on mis-

sion project at the church, which is at the corner of Indian Hill and Drake Roads in Indian Hill. The theme, "Roar! Life is Wild; God is Good," will be carried-out through team-building games, science gizmos, songs and Bible-learning experiences.

The \$35 per-student registration fee is reduced for families with multiple children.

Taize -A Little Known Terrace Park Treasure

Submitted by Patti Normile

Terrace Park, we citizens know, is a town of hidden treasures: sites of pioneer homesteads, a memorial to a pioneer defense fortress, the log cabin home of an Ohio senator, a circus winter home, to name a few. A hidden treasure you may not be aware of can be discovered the third Sunday of each month at St. Thomas Church: Taize prayer.

Taize is an ecumenical form

of prayer named for a community begun in 1940 in France. Brother Roger created a community for youth who came by the thousands to central France to spend time in simple life and simple prayer. Taize comes to Terrace Park as an hour of candle-lit, quiet, prayer time with a bit of Scripture nestled in simple, calming music which one can join in chant or simply absorb in peace.

All are welcome! Taize provides a time of rest at the conclusion of the weekend. It is a time and place to bring your thanks and your troubles. Taize is a time to energize for the week ahead. Come and see. Taize prayer is offered at 5 o'clock in the Sanctuary of St. Thomas Church on the third Sunday of each month.

The Most Boring Super Bowl Ever?

Submitted by Bennett Harris, Staff Sports Writer, TP Elementary 6th Grade

The aftermath of the Super Bowl has begun with everyone talking about how the Saints and the Chiefs should have been in it or "did Tom deflate the balls?" What I'm talking about here, however, is the question- Was this the most boring Super Bowl ever? The final score at the end was just 13-3 with the Patriots winning. It was the "battle of the defenses" as some people are calling it, but what if it was the battle of the offenses? Wouldn't that be more fun with

more touchdown celebrations? If it had been with the Rams and Chiefs, would there have been another 100 or more points scored in the game? Unfortunately, it wasn't and I almost fell asleep at halftime.

Over that weekend, the NFL honors were handed out and these are the awards some players get for being sensational on and off the field. The Walter Payton award went to Chris Long of the Philadelphia Eagles for his work off the field. Offensive Rookie of the year

was Saquon Barkley and Defensive Rookie went to Darius Leonard. The offensive player of the year went to Patrick Mahomes, and defensive player of the year went to Aaron Donald. Those were just a few. The Super Bowl MVP went to Julian Edelman, a Wide Receiver for the Patriots, who had 10 catches for 141 yards. With the lowest scoring Super Bowl game in history, this concludes my segment.

Lent for Body, Mind and Spirit

Submitted by Patti Normile

The aftermath of the Super Bowl Lent for Body, Mind and Spirit will be a quiet day offered at St. Thomas to enrich the experience of Lent in preparation for the celebration of Easter. On Saturday, March 16, 9-3, all are invited to bring bodies, minds and spirits to the Parish Hall at St. Thomas Church to slow down, give thanks

and explore what Lent means to them in 2019.

The day will begin with a continental breakfast followed by gentle chair yoga led by Liliias. Reflections will be offered by Rev. Darren Elin to focus on where our journey might lead us in this Lenten season. Time for rest, time for prayer, perhaps reading and journaling will be followed by a light lunch.

An afternoon presentation will provide suggestions for spiritual ways to grow in faith by considering who God has created us to be. No charge. Bring friends—women and men, mature and youth alike. Simply call the church office at 831-2052 to register so organizers can provide for all.

A Word From Our Sponsors

Since the beginning, the Village Views has relied on the support of our local businesses to keep this free paper going. As we continue to celebrate 50 years of Village Views this year, enjoy this look back at some of our earliest advertisers. The Yankee Dollar was located at the present site of The Birch, and King Kwik was the forefather of our dear UDF. The Mariemont Inn is of course still serving "excellent luncheons and dinners in a pleasant atmosphere", and it appears Cline was telling "the Terrace Park Story" before he met Sibcy. Perhaps best of all, you can still call up to Sohio Service at Given and Wooster. The name may have changed, but you can still "Ask for Bill". These days it's Bill Jr, of course, but it's the same great service it was fifty years ago. The Village Views thanks all of our advertisers past and present for your decades of support!
